

## **Introduction to the Tabernacle Study Lessons**

The Tabernacle in the Wilderness built by Moses and the Israelites is a picture of the Gospel in the Old Testament. It is really the same Gospel as is presented in the New Testament. By faith they looked forward to the Messiah and by faith we look back to the Messiah, Jesus Christ. These Tabernacle Study Lessons show how God was always very near His people, guiding and providing for them. He established His Covenant with the Patriarchs and actually lived with the Israelites through the Tabernacle. He also wants to be in Covenant with us and dwell in us. These studies are designed to help us better understand God, His Gospel of hope, and His great longing to ultimately have His people dwell with Him in Heaven. We hope they will bless you and your family.
